HAIR VISIONARIES

Australia's most creative and talented hairdressers have created these winning styles for the L'Oréal Professionnel Colour Trophy 2007. This award rewards professional excellence in the creation of new trends and techniques for hair colours and styles. It not only fuses fashion with creative styling, but also delivers the definitive word on what's happening

with hair. Celebrating 12 years, the award is the most coveted and sought after on the hairdressing calendar.

The award winning hairdressers in your state are featured on the following pages. Using exclusively L'Oréal Professionnel colours and technical styling and série expert haircare products, these winning looks are best

achieved in a professional hairdressing salon. Vote for your favourite look on the Reader's Choice page and go into the draw to win a hair make-over in the salon of your choice. Also, look out for Colours Magazine bundled to the October edition of marie claire for 150 of the hottest looks for the season ahead.
