Becoming a National Finalist in the L'Oréal Professionnel Colour Trophy 2007 is a dream come true for the team at Zink.

Husband and wife team, Tony and Antoinette Scarfo, have been together since their school days and have forged a strong bond to become award winning hairdressers in South Australia.

Tony and Antoinette believe their salon is the perfect environment for staff to flourish and be creative and appeal to the broad clientele that call Zink their home.

The entire team at Zink work hard to maintain the very high and directional standard of hairdressing Zink is becoming famous for.

As for what the future holds for this exciting new salon, Tony and Antoinette say the sky is the limit. The salon is setting its sights on creating more Zink salons and expanding its work overseas.

THE LOOK

In creating their award-winning look, Tony and Antoinette wanted to create a sensual, romantic feel, using their favourite L'Oréal Professionnel products.

Using the Majirel range of permanent colours, they set out to achieve a colour that had beautiful gold reflects on a light blonde base, enhanced with some darker panels on the end to add depth to the texture and style of the finished result.

To style their model's hair, they set it in rollers and sprayed with technart texture spray, before brushing the hair out into beautiful soft, romantic waves.

TOP TIPS FOR PERFECT COLOUR

- Have your colour done regularly – every 4-6 weeks to keep in optimum condition and shine.
- Use série expert vitamino color shampoo and conditioner to enhance the colour and give long lasting condition in between colours.
