L'Oréal Professionnel Colour Trophy Finalist Models

Zöe Irwin

The L'Oréal Professionnel Colour Trophy, now in its 13th year, is recognised as Australia's most innovative and prestigious hairdressing event. With one of the richest prize pools in the industry, it certainly delivered for **Head Studio Urban Retreat WA**, who took out the title of National Winner for 2007.

The night was bursting with style, colour, fashion and international glamour. Featuring host Daniel MacPherson, soul songstress sensation Jade MacRae, and international guest artist Zöe Irwin, Creative Director of Headmasters UK, who revealed an international

collection showcasing the upcoming Spring Summer trends.

Zöe's showcase was nothing short of incredible! Presenting a world of the senses where nothing collides and everything blends together into the raw elements of the earth – sand, water and fire.

But the stars of the evening took over. Twenty-five eye catching models created by Australia's most talented hairdressers stopped guests in their tracks! The finalist models dressed by Myer and Magi, were a fitting description of the Australian hairdressing industry's passion and creativity.

Continuing to know no boundaries, the L'Oréal Professionnel Colour Trophy National Finals was held at The Palms, Crown Entertainment Complex in Melbourne, and provided the audience with vibrant energy and a strong sense of fantasy.

Once the show was over, the hairstylists were able to let their hair down as they danced the night away at LIVE for a stylish cocktail soiree.

A big thank you to all the salons that participated backstage – Frankel Salon, Jools for Jim, Vanity Hair, Weselmann Salon and Xiang Hair Studio.
